29th April

7.55 PM - Virtual Meeting room opens

8 PM - Webinar starts

Q&A

Vet Support Northern Ireland is committed to the emotional wellbeing of all members of the veterinary family and community in Northern Ireland. This service provides completely confidential support to any individual involved in the veterinary profession including vets, nurses and other practice staff and is delivered by vets and nurses specifically trained to offer this service. The peer support volunteers will provide a safe, empathetic, non-judgemental and confidential service.

For more information about the webinar please contact your local territory manager. To find out more about Vet Support please visit <http://www.vetsupportni.co.uk/> where the supporter's contact details are available. This invite should not be shared with anyone outside the Veterinary Profession and it is only for viewing by people who are vets, nurses or other practice staff within the profession.
